Your company has requested that we provide Expedited shipping for the above referenced order. Most of our products tend to be heavy and as such we recommend non palletized shipping only when it is absolutely urgent. If you need products expedited via FedEx, UPS etc., RT Fulfillment, LLC will not be responsible for any damages or loss of product. Also, in some cases we may have to repack boxes (at your cost) to make them more damage resistant. Please print, sign and email this form back to us prior to us shipping.
